

**Minutes**  
**TIDE Committee**  
**June 3, 2015**

Present: Nancie Green, Susan Kozub, Archie Livingston, Charlie Boozer, Cameron Andrews, Crawford Moore, and Iris Hill (Ex-Officio)

Meeting was called to order at 10:00 am.

Minutes were approved as read.

Charlie Boozer has not been in touch with Cathy Price yet to get the design pricing. Charlie has contacted Matthew Kiser for ideas on causeway design. Cameron Andrews volunteered to contact Mrs. Price on behalf of the committee. It was suggested that we invite Mrs. Price to the next committee meeting.

Archie Livingston expressed how pleased he is with the garbage situation and wanted to give "hats off" to Iris Hill for implementing the roll back service.

It was noted that there are 14 beach accesses left to be adopted and the committee discussed different ideas in getting these adopted. Among the ideas were sending list to different groups for their members to adopt, putting signs out similar to the "steep drop-off" signs, and calling the Edisto News to publish in the next newspaper edition.

Iris Hill stated we received a \$5,000 grant from Lowes to be used for planting on the causeway. The project has to be completed before September.

Patrick Brown updated the committee on Bay Creek Park. Will move along with building of a stage over the retention pond and installing a jet dock at the dock area. He also informed the committee of the Flood Information Seminar to be held on June 25<sup>th</sup> at the Civic Center.

Iris Hill stated the roll back service still has some kinks to be worked out. But all in all the beach looks tremendously better without the cans being left out.

Bob Doub stated that beach access 18 has been repaired and we have replacement signs to replace the signs that were stolen/lost.

Meeting adjourned at 10:40 am.
