

Water and Sewer Committee Agenda
November 14, 2011

- URS (BP Barber) Discussion on R/O Project
Referendum versus Survey for public input?
- PER for Sewer Plant (80% of Plant Capacity reached)
- Lagoon Dredging (Bio option failed likely due to sand and other non-biologicals)
- Refinancing Bond to finance engineering Costs for R/O and Sewer needs
- Update on Sewer Plant License Renewal
- Update on Jetting and televising sewer lines (Doing in house to reduce costs)
- Valve Replacement in Water Lines
- Water line upgrades for Point St. and Jungle Shores
