Iris Hill commented on the beach access signs, which have been ordered and have come in. The Town will be putting them up as soon as the Christmas lights have been taken down. The beach access conditions update was given by Iris Hill. Volunteers have been keeping accesses free of debris. Mr. Livingston commented that they really look good.

Iris Hill gave the Bay Creek Park update. The restrooms are in the process of being designed. Mr. Livingston commented that the lights at the park look very nice.

The sand fencing report was given by Administrator Hill, who stated that the fencing has been ordered. Volunteers will be needed to put up the sand fencing and plant plants. There was discussion to have the fencing and planting start in February. Polly LaRossa asked if the planting and fencing could occur at the same time. Administrator Hill stated that it would depend on the nursery. Tommy Sandel asked what time of year was best for planting, and Administrator Hill said that spring was best.

Administrator Hill asked if the town wanted to do another beautification award. Mr. Sandel made a motion to award Edisto Realty with a beautification award, which was seconded by Archie Livingston. The motion passed unanimously.

Chairman Sandel introduced the two new members of the Committee, Cameron Andrews and Archie Livingston.

Mrs. LaRossa moved to adjourn the meeting. Mr. Livingston seconded the motion which carried unanimously.
