

Addendum 1

Questions:

1. Could you please confirm the approximate total mileage of the project corridor, or provide a map, mile markers, or limits of the route to be serviced? **From the foot of the McKinley Washington Jr. Bridge (GPS Coordinates: 32.630043, -80.342245) to the beginning of the Edisto Beach Causeway (GPS Coordinates: 32.508859, -80.299557). Approximately 12 miles.**
2. Does the weekly service require one complete cleanup of both sides of Highway 174 each week, or are there any additional required service days during holidays, special events, storms, or periods of heavier litter? **Yes, once per week.**
3. Please clarify what types of debris are included in the scope. For example, would the contractor be responsible only for regular roadside litter, or also for larger items such as tires, furniture, construction debris, animal remains, hazardous materials, or illegally dumped materials? **Regular roadside litter.**
4. Is disposal at the Charleston County Convenience Station included at no cost for the contractor, or should disposal fees be included in the weekly bid price? **No cost to the contractor.**
5. Are there specific traffic-control requirements, permits, SCDOT coordination, lane-closure procedures, signage, or safety plans required for work along this roadway? **Contractor shall be responsible for determining any SCDOT compliance.**
6. In the event that weather conditions make the work unsafe, what is the Town's expectation for rescheduling and completing that week's service? **Reschedule for a day that does not have inclement weather.**
7. Please confirm the expected contract start date, initial contract term, and whether there are any renewal options. **Expected start date would be this fall. TBD**
8. Is there a preferred format or minimum requirement for the weekly report, including the number of photos, route documentation, and method of submission? **Will be determined between the contractor and Town.**
9. Will invoices be submitted weekly or monthly, and what is the anticipated payment schedule after invoice approval? **Monthly.**
10. Please confirm whether subcontractors are permitted under this contract and, if so, whether they must provide separate insurance certificates or any additional documentation. **No subcontractors.**

11. For the automobile liability insurance requirement, the document appears to state “\$1,00,000 combined single limit.” Could you please confirm the correct required coverage amount? It should read: \$1,000,000

12. Previous contract bid tabulation:
